Notes from the Chair

In the aftermath of foot and mouth in the early 2000's Cathy Meredith was a key figure in the significant regeneration of the county. The development of the Rural Hub network in the West Midlands was supported by the RDPE programme and in 2011 Herefordshire Rural Hub was set up as a Community Interest Company. Cathy says "in Herefordshire the Rural Hub would not exist without the support of a committed team of individuals". However, with Cathy at the helm the Hub has developed into a valuable resource for the farming and rural community in the county.

Due to commitments at home Cathy is planning to retire from her role as Hub Co-ordinator in the New Year. She will remain as a Hub Director and will support a new co-ordinator into the vacated post. If you have an in-depth knowledge and interest of Herefordshire's rural economy, agriculture and environment could this be the job for you?

Further details are at the end of this newsletter and on the Hub website <https://www.herefordshireruralhub.co.uk/classified/herefordshire-rural-hub-co-ordinator/>

Making Tax Digital for VAT

If you run a VAT-registered business with a taxable turnover above the VAT registration threshold (currently £85,000) you will be required to keep digital VAT business records and send returns using Making Tax Digital (MTD) compatible software for VAT periods starting on or after 1st April 2019.

Businesses with a taxable turnover below the VAT threshold can also sign up for MTD for VAT voluntarily. This also applies to other VAT entities, such as charities, government bodies and limited companies.

HMRC is working with more than 150 software suppliers who have said they will provide software for Making Tax Digital for VAT in time for April 2019.

If your taxable turnover is above the VAT registration threshold you must follow the rules set out in VAT Notice 700/22 (below) by 1st April 2019.

<https://www.gov.uk/government/publications/vat-notice-70022-making-tax-digital-for-vat/vat-notice-70022-making-tax-digital-for-vat>

Come along to the RBA Day on 21st November for more help and advice on Making Tax Digital for VAT

Forestry Commission Felling Licence Online

This new Forestry Commission online service is now available and can be used to apply for, track, manage and print approved felling licences online. You can access the service and guidance via www.gov.uk/guidance/apply-online-for-a-felling-licence

If you have made a felling licence application since January 2018 please contact the Forestry Commission before you apply for a new licence using Felling Licence Online, as they may be able to save you time by transferring your land profile (mapping and property profile data) to your user account. Email: fellinglicenceonline@forestrycommission.gov.uk to arrange this.

Next Steps for Healthy Soils

Thurs 8th November, 2018, 10.00am-3.00pm

at The Bunch of Carrots, Hampton Bishop, HR1 4JR

Catchment Sensitive Farming and Farm Herefordshire would like to invite you to a one-day workshop looking at **soil health** and practical ways in which you can **reduce inputs** and **increase profitability** on your land. Topics will include:

- The science behind biological and physical soil health,
- Methods to build soil organic matter, including composts,
- The benefits of cover crops and intercropping,
- Methods to increase nutrient availability and suppress disease,
- Cultivation techniques for optimum soil health.

The day will be led by guest speaker **Joel Williams**, an internationally renowned crop and soil health specialist. Joel works with conventional farmers, applying a nutritional and biological approach to managing soil and plant health.

The morning session will be indoors at the Bunch of Carrots pub, followed by a practical outdoor session in the field.

Teas and coffees on arrival from 9.30am Buffet lunch provided Basis points available

Update from the Wye & Usk Foundation

Pesticide Project:

We are still out and about visiting fields identified by Severn Trent as high risk for metaldehyde use and providing advice on pesticide handling and disposal. If you would like help to improve your pesticide handling area please get in contact.

New Natural Flood Management Project:

Funded by the Environment Agency & Herefordshire Council we will be providing advice and support to farms in target catchments that could help to reduce flooding of properties downstream. This could involve addressing compaction issues in your soil, using cover crops to protect bare ground, holding back water in streams, tree planting – all sorts of options. We will be working in the following streams over the coming months: Cheaton, Ridgemore, Bodenham, Pentaloe, Red, Twyford, Tedstone, Dulas and Yazor. If you farm in one of these catchments and would like to know more please get in touch.

For more information or to discuss a visit please contact one of the WUF advisers:

Three Centuries of East Herefordshire Farms and Families

If you have an interest in farming in Herefordshire over the last three centuries or can relate to the long standing farming families in the east of the county then you may well enjoy reading this publication written by Jean Ila Currie. Although born in India at the time of the Raj, Jean had links with East Herefordshire from an early age and much of childhood in the post-war period was spent there. The first section of the book describes farming in East Herefordshire from the early 18th to the early 21st centuries and then describes the different farming in East Herefordshire and the farming families with glimpses of their lives.

Stop That Thief !

Burglary of sheds and outbuilding is still one of the main concerns amongst the rural community.

Burglary of sheds and outbuildings is still one of the main concerns amongst the rural community. Although the number of incidents remain low, it is still a major worry by people living in remote locations. Our Priority is to keep you and your property safe from harm and theft, we are therefore providing advice on how the community can help themselves from becoming victims of crime.

West Mercia Police have a scheme called "Stop That Thief" aimed at helping businesses and farms from becoming victims of crime. This can add another layer of security to your home, farm or other business where vulnerabilities are identified during a site specific assessment. These start with a visit from your local Officer or the Rural Business Crime Officer and if appropriate a referral to a Stop That Thief! specialist who will carry out a technical survey, to look at ways to help protect your property. This will be fully discussed with you to make sure it fulfils your requirements. Any security measures required are installed by a trained technician, on a try before you buy basis. This compliments the advice provided during a visit by your local officer on crime reduction measures including security marking and property listing. All visits and advice are offered free and without obligation. Costs for the fitting of any equipment, if agreed, will be made clear during the specialist survey.
